***Upstanding Neighbourhoods is a national programme empowering local communities.*** We find solutions to local problems and have the skill set to identify vulnerable people and provide support. We operate in eight local authority areas, working with the most vulnerable in the community, gaining their trust and confidence. All our practitioners are community representatives with extensive experience in their specialist field. We provide intensive practitioner training, as well as coordinate counter narrative campaigns and understand people's issues, helping them to overcome barriers to society.

# TRAINING CHANGES INDIVIDUALS AND COMMUNITIES, FOR GOOD.
